

## Galveston Opera House / Hotel Grand - 2020 Post Office

Today known as The Grand 1894 Opera House, this Romanesque Revival style building was completed in 1894. It was designed by architect Frank Cox with additional work by N. Tobey Jr. Businessman Henry Greenwall and many prominent Galvestonians raised \$100,000 to construct the building. Although damaged by the 1900 and 1915 Storms, it was nearly lost to neglect and decay by the mid-1970s. Between 1974 and 1990, \$8 million was raised for the Grand's restoration.
