

# Intro to 3D Design

*A FREE course presented by the  
Rosenberg Library*

**Learn the basics of new 3D printing technology and become familiar with 3D design programs & resources!**

At the end of this class, you will:

- Be familiar with the library's 3D designing programs and similar programs available online
- Know where to go for design inspiration and community support on various digital design websites
- Download designs by other creators from the internet to print or modify

**Please note: You must be proficient with computers to attend this class.**

The topics covered in this class are not for those with limited knowledge or experience with computers.

To register, see lab attendant or call  
**(409) 763 - 8854 ext. 130**
