Rosenberg Library Activities Report

DECEMBER 2022

“One of the nicest modern libraries seen. Feels so warm and welcoming when one comes in – makes for a place we want to browse and spend time.”

- DENISE TROIAN

“We wanted to say thank you so much, for giving us a tour! We loved it. We both loved the art and architecture, the relics, the ships and woodwork. All of it! We can't wait to come back and see the museum, too”

- VISITOR POSTCARD

“Very nice place with very nice employees. We made Christmas ornaments during a craft session. It was free to the public.”

“Many times, I have had questions about uses for my computer. Whenever I reached out to all of the wonderful people in the computer lab, they have been more than helpful. Thanks to all of you, and Merry Christmas.”

- ONLINE COMMENT

“Christina sent a New Orleans student scans of various maps and ward boundaries for his school project on African Americans in Galveston. He wrote back, ‘Oh this is ENOUGH for me to complete my project! Christina Jewell, thank you !!! THANK YOU!!!’

The student later called Christina to tell her he received an A on his project, adding ‘I had to tell you how I appreciated your help and couldn’t have done it without you.’”
