COMMENTS FROM LIBRARY GUESTS

"I spent a lot of time at Rosenberg Library. My mother would drop me off on Saturday and after a few hours I would walk to the apartments that my grandmother owned down the street. **I credit those hours with getting a Ph.D. in American Studies** so that now I can devote my time to writing."
- Benay Blend

"**Thank you** for showing us how to live a better life!!! Happy 2026!"
- Glynda Parker Oglesby

"**Great ideas.** Never thought to check the library for this." - Pat Newlin on the Top Five Library of Things Items of 2025

"It's so nice to see this club is still active! I attended several years ago and it was a **lot of fun!**" - Veronica Rose on the Adult Anime & Manga Club

Our Computer Lab Librarian, Wendy, hosted our first Using Microsoft Word Class! Patrons were invited to learn the basics of the program during a hands-on session while creating documents and discussing options for saving, printing, and sharing. The program was well attended and provides our community with yet another useful and valuable free local resource.

Our Adult Services Department hosted another successful and informative event with renowned Chair of the Department of Cardiovascular Medicine, Director of the Sealy Heart and Vascular Institute and Vice President of Cardiovascular Operations at UTMB, Dr. Hani Jneid, as he reviewed current evidence and practice for preventing cardiovascular disease and highlighted recent advances in risk stratification and treatments during the most recent installment of his ongoing series on heart health.

We decked our halls and invited visitors to stop by to enjoy our holiday decorations, including a couple of fun photo spots within.
